

# MAA10 Helsinki

## THE 10TH INTERNATIONAL SYMPOSIUM ON MEMORY AND AWARENESS IN ANAESTHESIA

The 10<sup>th</sup> International Symposium on Memory and Awareness in Anaesthesia (MAA10) will take place in June 19<sup>th</sup>-21<sup>st</sup>, 2017 in Helsinki, Finland.

Since 1989 an international group of investigators, monitor developers, and patients who have experienced intraoperative awareness have met every three years in Europe, North America or Asia.

At these meetings the world's leading scientists and physicians present the latest research findings in memory and consciousness in anaesthetized patients, the best methods to monitor and to prevent awareness under anaesthesia, and ways to treat post-traumatic stress disorder (PTSD).

To whom?

We warmly invite you, the anaesthesiologists, psychologists, neurologists, intensivists, nurses, developers of depth-of-anaesthesia monitors, and patients to participate in this symposium. There will be opportunities to learn from expert researchers and clinicians in these areas, to present cutting edge research in poster sessions, and to network during the meeting and social events.

**June 19<sup>th</sup>-21<sup>st</sup> 2017**

Scandic Marina Congress Center  
Helsinki, Finland

Registration: [www.MAA10.com](http://www.MAA10.com)

Welcome to Helsinki

Helsinki, the capital of Finland can easily be reached from anywhere in the world. The symposium venue lies in the heart of Helsinki city, located directly on the coast of Gulf of Finland. [www.marinacongresscenter.com/en](http://www.marinacongresscenter.com/en)

In addition to the fantastic symposium, you will enjoy unforgettable long midsummer days and bright nights in the lively city of Helsinki [www.visithelsinki.fi/en](http://www.visithelsinki.fi/en). We also recommend you to connect your visit with a vacation in Finland and to explore our amazing and pure nature in "The land of a thousand lakes".
